PROFESSIONAL SUMMARY

Flutter Developer with 1.5+ years of professional experience designing and delivering cross-platform mobile applications for Android and iOS using Flutter and Dart. Proficient in state management (Provider, BLoC), REST API integration, Firebase (Auth, Firestore), Supabase, and responsive UI development with Flutter widgets and Material Design. Delivered production HRMS, hospitality booking, and e-commerce applications with measurable business outcomes. Strong communicator and team collaborator with a background in coaching. Building skills in AI Automation and Data Science, including n8n workflow automation and RAG-based AI agents, to bring intelligent features into future Flutter applications.

TECHNICAL SKILLS

Mobile Development: Flutter, Dart, Flutter SDK, Cross-Platform Development, Android, iOS, Flutter Widgets, Material Design

State Management: Provider, BLoC (flutter_bloc), Riverpod, GetX

Backend & APIs: REST APIs, Firebase Auth, Firebase Firestore, Supabase, Razorpay SDK, JSON Parsing, Push Notifications

UI & UX: Flutter Slivers, Responsive UI, Adaptive Theming, Dark/Light Mode, Localization (I10n), Custom Widgets

AI Automation: n8n, Workflow Automation, RAG Agents, LLM API Integration, Email Automation

Languages: Dart, Python, JavaScript, SQL

Tools & DevOps: Git, GitHub, Android Studio, VS Code, Postman, Docker, GCP, SonarQube, CI/CD

Soft Skills: Leadership, Team Collaboration, Communication, Mentoring, Time Management

PROFESSIONAL EXPERIENCE

Flutter Developer Trainee – **Vishwaguru Infotech** *Pune, MH | Apr 2026 – Present*

- Promoted from intern to trainee within one month for delivering Flutter feature modules in a production codebase
- Built responsive UI components using Flutter widgets and Material Design, matching product design specifications
- Integrated REST APIs for dynamic data rendering and backend connectivity across app features
- Collaborated with senior developers on sprint planning, code reviews, and bug triage

Flutter Developer Intern – **Vishwaguru Infotech** *Pune, MH | Feb 2026 – Mar 2026*

- Built a full e-commerce app covering onboarding, authentication, catalogue, cart, and payment flows in Flutter and Dart
- Implemented Firebase Authentication and integrated Razorpay SDK for secure login and payment simulation
- Built advanced scroll UI using Flutter Slivers; added adaptive light/dark theming and I10n localization with Python automation
- Built a clean API layer using JSON parsing and migrated backend connectivity to Supabase

Flutter Developer – **Centralogic Pvt Ltd** *Pune, MH | Mar 2023 – Apr 2024*

- Delivered a Leave Management module for a production HRMS platform with multi-level approvals, reducing manual HR effort by 40%
- Built a secure candidate assessment platform with anti-cheat mechanisms for 500+ concurrent users
- Integrated 15+ REST APIs into a hospitality booking application for real-time reservation sync
- Improved API response handling to reduce data parsing errors and stabilize the application
- Maintained code quality through Git version control, peer code reviews, and Agile sprint delivery

PROJECTS

E-Commerce Mobile Application – **Flutter · Firebase · Supabase · Razorpay** *2026*

- Built an end-to-end mobile commerce app with onboarding, Firebase Auth, product listings, cart, and Razorpay payment simulation
- Added Flutter Slivers UI, I10n localization, adaptive theming, and Supabase backend with a clean API-driven architecture

Divine Chats — Real-Time Chat Application – **Flutter · Dart · REST APIs** *2023*

- Built a cross-platform chat app with secure authentication, async REST API messaging, and local caching for low-connectivity use

AI Automation Agents – **n8n · LLM APIs · RAG** *2026*

- Built an email summarization automation that processes incoming emails and generates concise summaries using LLM APIs
- Built an automated email reply workflow for sponsorship and outreach emails using n8n and LLM-based response generation
- Currently building RAG-based AI agents for knowledge retrieval and conversational automation

EDUCATION

MCA – Master of Computer Applications – **SPPU** *Ahilyanagar, MH | 2022 – 2026*

- All examinations completed; degree result awaited — expected 2026

BBA – Computer Applications – **Ahmednagar College, SPPU** *Ahilyanagar, MH | 2019 – 2022*

- Business Administration with Computer Applications — foundation in software engineering and business logic

OTHER EXPERIENCE

Badminton Coach – **Battledore Sports Academy** *Ahilyanagar, MH | Mar 2019 – Nov 2025*

- Coached players and ran tournament operations for 100+ participants, building leadership and communication skills
